

The Salvage Barn

Architectural Salvage Warehouse

The Salvage Barn will be located at the Iowa City Landfill through the fall of 2011. The Salvage Barn will relocate to the new Eastside Recycling Center in the winter of 2011-12.

Landfill location: Take Melrose Avenue past 218 west to Hebl Avenue and turn left for the landfill. Look for the sign on the building north of the recycling center parking lot.

Eastside location: Take Highway 6 to Scott Boulevard and turn left. The Eastside Recycling Center is located at 2401 Scott Boulevard SE.

Phone: 319-351-1875

Email: salvagebarn@ic-fhp.org.

Questions will be forwarded to the salvage barn manager, and we'll try to get back to you in a timely manner.

Hours: 9am to 1pm every Saturday - March through November 15th. Winter hours - 9am to 1pm the first and third Saturday of the month, December through February.

Donations: Please call during operation hours to arrange for a donation. The Salvage Barn only accepts historic building materials that have been gently salvaged and are reusable.

Friends of Historic Preservation

*Preserving
the past
while
building
the future*

Why Preserve?

Our historic neighborhoods, buildings and structures define our community's identity, character and sense of place. They reflect our past and provide us with a foundation on which to build the future. Preservation of our historical, cultural and architectural heritage strengthens our economy and makes Iowa City and Johnson County more desirable places to live, work and visit.

Are you tired of seeing our historic buildings destroyed?

Many of our architectural treasures, such as Old City Hall, have been lost in the name of progress and development. You can make a difference. By joining Friends and supporting the establishment of historic and cultural districts in Iowa City and Johnson County, you can give our architectural history and older neighborhoods a chance to survive.

Old City Hall, Iowa City, razed 1961

Our Past

Friends of Historic Preservation was organized in 1975 as Friends of Old Brick. This broad-based group initially came together over one single but important historic landmark: Iowa City's oldest surviving church, the First Presbyterian Church. Constructed between 1856 and 1865, this building came to be known as "Old Brick." Its impending demolition helped spark a movement in Iowa City that has become a national model for community-based preservation action.

In 2007, Friends was recognized by the national Trust for Historic Preservation with a national Preservation Honor Award for the massive recovery effort made to protect the historic fabric of the community after the April 13, 2006 Tornado. In years prior, Friends invested in the community with both volunteer labor and funds to restore Iowa City's Englert Theatre, purchased endangered homes in historic neighborhoods to restore and return to the community as single family residences, and many times stood with other citizens and groups to save endangered structures like the Carnegie Library.

Old Brick, saved

Our Present

Advocacy

Friends of Historic Preservation supports the efforts of the Iowa City Historic Preservation Commission. We also actively encourage the City Council, the University of Iowa and other government bodies to enact policies, procedures and guidelines that protect historic properties and neighborhoods. Friends advocates for:

- ◆ Designation of local historic and conservation districts.
- ◆ Designation of local landmarks.
- ◆ Listing of landmarks and historic districts on the National Register of Historic Places.
- ◆ Downzoning of older neighborhoods.
- ◆ Conducting historic and architectural surveys of older neighborhoods.
- ◆ Implementation of the 2008 Iowa City Historic Preservation Plan.
- ◆ Construction of compatible infill, additions and other alterations that affect historic buildings in neighborhoods.

Education

Friends is dedicated to fostering a greater appreciation of Iowa City's historic resources and a better understanding of historic buildings, their community value, maintenance, and rehabilitation. Preservation education efforts include:

- ◆ Conducting workshops and consultations on topics such as painting, window winterizing, and how to hire a contractor.
- ◆ Offering annual tours of historic buildings and adaptive spaces.
- ◆ Co-sponsoring the annual Historic Preservation Awards.
- ◆ Assistance in completing grant and design review applications.
- ◆ Donation of books and videos to libraries.
- ◆ Preservation Community and Information via the internet at www.ic-fhp.org.

Rehabilitation

Friends has supported the move and restoration of the Wetherby Cottage as well as the rehabilitation of a number of historic structures in Iowa City. Year round, Friends operates the Salvage Barn of architectural and historic building parts. The Barn provides a cost effective way for owners of older buildings to repair and restore structures in accordance with the Secretary of the Interior's Standards.
